Graduate Studies in Education

Ruth Kane
Director, Anglophone Sector

2018-2019

Faculté d’éducation | Faculty of Education
Why Graduate Studies?

• **Increase your knowledge / Improve your pedagogical skills**
  - Acquire additional abilities in your teaching subject;
  - Become an expert in a specific field;
  - Strengthen or discover your research abilities.

• **Evolve in your career and open up to many opportunities**
  - Administrative positions in schools, colleges or university settings;
  - Public sector or human resources;
  - Private consultations (counselling);
  - Research in education.

**Examples of job positions that are not in a classroom:**
Program evaluator, Curriculum developer,
School or Daycare Director, Educational Consultant, Educational Policy Developer,
University or Government Researcher.
