Counselling Psychology

(MA, MEd)
Counselling Psychology

This program will expand your theoretical knowledge and your practical skills in both personal counselling/psychotherapy and career development, while providing foundational counselling training.
Graduates apply for membership to:

- Canadian Counselling and Psychotherapy Association (CCPA);
- *Ordre des conseillers et conseillères d’orientation du Québec* (certain requirements);
- College of Registered Psychotherapists of Ontario.
Career Options

The program will give you the opportunity to become a mental health professional who offers counselling services in a variety of milieus:

- Non-profit community agencies;
- Government departments;
- Employee assistance programs;
- College and university counselling services;
- Substance abuse treatment centres;
- Hospitals;
- Schools;
- Child and youth services;
- Private practices.
Admission Requirements (MA/MEd)

- Honours bachelor degree in psychology (or related field), or Bachelor of Education;
- Minimum GPA of B;
- Minimum of five relevant undergraduate courses (15 credits) in social sciences of which at least three courses are upper-level in psychology, including a course in personality theory;
- Statement of interest;
